ANNUAL REPORT

2020-2021

THE PROMISE OF COMMUNITY ACTION

Community Action changes people's lives, embodies the spirit of hope, improves communities and, makes America a better place to live. We care about the entire community and we are dedicated to helping people help themselves and each other.

Counties Served

Caddo and Grady

History of Washita Valley Community Action Council

A group of Anadarko citizens that were interested in youth problems began a county-wide volunteer organization in 1965. The organization had committees in each of the communities in Caddo County. The group applied for an OEO Grant at the end of 1965 and became designed as the Community Action Agency for Caddo County. At the same time, a group of representatives from Chickasha and other communities in Grady County became designed as the Community Action of Grady County. In 1968, the Green Amendment required that Community Action Agencies merge. The merger of Caddo and Grady Counties was completed in June 1968 and the corporation became Washita Valley Community Action Council. Five Executive Directors have served the corporation.

Mission Statement

To assist individuals and families in our communities through public and private partnerships to improve the quality of their lives by minimizing the effects of poverty, promoting self-sufficiency and advocating for social change.

Board of Directors

Our tripartite Board of Directors includes membership of one-third representing the public sector, one-third representing the low-income sector and the remaining one-third representing the private sector.

Programs

HOME Program

Funding for the HOME Program is provided through a partnership with the Oklahoma Housing Finance Agency to provide affordable rental property for low-income individuals and families. We have fourteen rental properties in Grady County.

Transit

Washita Valley Transit began transporting passengers in January 1998 with two new buses. We currently have nine ADA buses/mini vans.

Our transit services are made possible through federal funding, state funding, and contracts with Logisticare, Inc., the Department of Human Services, and individuals/companies that advertise on our vans/buses.

We provide transportation to the elderly, disabled, and low to moderate income citizens of Grady County.

Our trip statistics show the following totals beginning October 2020 through September 2021:

- 48,137 revenue miles.
- 27,199 passenger miles.
- 10,651 passenger trips.
- 2,101 elderly trips.
- 1,592 disabled trips.
- 1,883 trips for the elderly/disabled.

We provided 8,212 hours of service for the public.

Head Start

We have provided Head Start services in Caddo and Grady Counties since 1968 and Early Head Start services since 2010.

Head Start and Early Head Start are comprehensive child development programs serving low-income children from birth to five years old and their families. Authorized under the Federal Economic Opportunity Act of 1964, the Head Start Program addresses children and their families with the overall goal of improving school readiness. The Early Head Start Program, established by the 1994 reauthorization of the Head Start Act, provides services to low-income pregnant women, children birth to three and their families.

The Head Start and Early Head Start Programs provide individualized services in education, early childhood development, medical, dental, mental health, nutrition, parent involvement and family development. The programs provide services, information and referrals to meet the needs and goals of the entire family. The programs strive to prepare children for success in school and life.

Head Start and Early Head Start Program services are based on the age of the child, family income at or below the federal income guidelines, recipients of TANF or SSI, homelessness and foster children.

Mission

Inspire and equip children and families to excel today and soar tomorrow.

VISION

To provide a premier early childhood program with highly qualified staff incorporating excellence in teaching and technology to ensure that our families and children are positioned, ready and capable to embrace the opportunities of the future.

PHILOSOPHY

Parents are the child's first and most important teacher.

Parents are provided the opportunity for individual and family goal setting and to participant in all areas of the program.

We maintain that when children have adequate nutrition, are immunized, receive appropriate educational and social support, and have learning problems identified and remedied early, they have far greater success in school and life.

Our goal is to assist children in building self-confidence and competence needed to become lifelong learners.

Program History

The federal Head Start Program began in 1965 as a part of President Lyndon Johnson's "War on Poverty" designed to help lift families out of poverty.

November 2020	96	92	328	337	56%
December 2020	97	89	188	337	55%
January 2021	100	97	197	337	58%
February 2021	100	90	190	337	56%

**June/July: Head Start classrooms are normally closed.

Preparing Children for Kindergarten

Creative Curriculum for Preschool Children and Infants is used to promote school readiness in the classrooms. Creative Curriculum is scientifically based and correlates with the Oklahoma State Early Learning Guidelines for both preschool and infants. Gold is the assessment tool used to determine the developmental levels and kindergarten readiness of children. The percentage of children functioning at age level in the school readiness domains from the entry in the fall; compared to the end of school year as shown in the following charts.

End of Year Progression 2020-2021

3 & 4 year olds.

Area of Development	% Meeting or Above Widely Held Expectations	
	Fall	Winter
Social Emotional	53.00	61.00
Physical	40.00	67.00
Language	34.00	56.00
Cognitive	53.00	44.00
Literacy	31.00	38.60
Mathematics	73.00	56.00

Birth to 3 year olds.

Area of Development	% Meeting or Above Widely Held Expectations	
	Fall	Winter
Social Emotional	67.00	58.00
Physical	67.00	31.00
Language	62.00	33.00
Cognitive	78.00	75.00
Literacy	86.00	77.00
Mathematics	76.00	78.00

Eligible Children and Enrollment

Head Start:

- 68 with incomes below 100% of federal poverty.
- 9 on public assistance.
- 5 foster children – number of children only.
- 6 status as homeless.
- 14 over income.

Early Head Start:

- 69 with incomes below 100% of federal poverty.
- 4 on public assistance.
- 12 foster children – number of children only.
- 12 status as homeless.
- 23 over income.

0	Asian
1	Black
0	Native Hawaiian or other PI
19	White
0	Biracial/Multi-racial
3	Hispanic
0	Parents would not specify race
32	Total

Family Services

The Head Start Policy Council consists of parents, who are elected at the local Head Start and Early Head Start Centers and partner with the WVCAC Board of Directors and staff to review and approve or disapprove policies of the Head Start and Early Head Start Program. Parent Committees are parents and guardians of children enrolled in the Head Start and Early Head Start Programs. Parent Committees meet once a month for training requested by the parents and are presented information for them to make recommendations for program plans. Parents develop skills through the Head Start and Early Head Start Programs to be an advocate for their children. When children transition from Head Start to kindergarten, parents are given a transition packet of materials for parents to work on with their children during the summer months before entering kindergarten. Head Start and Early Head Start believes that parents are the first and most important teachers of their children.

Services provided during 2020-21.

	Head Start	Early Head Start
